

**Registering your pet's microchip
Online or over the phone**

It's important that you immediately register your pet's microchip with a national chip registry. These registries maintain a database of your pet's unique chip ID and your name and address so that if your pet is ever lost, any shelter, dog officer or vet can scan your pet and determine the chip number so it can be checked in the database. If you don't register the chip, it will come up as UNREGISTERED, and it will do your pet absolutely no good.

Northern New England Westie Rescue in conjunction with HomeAgain® ChipFurKeeps has a discounted chip registration program available for all of any rescuer. Rather than the **one-time** \$17.99 charge to register your microchip, you can now **register your pet for only \$10.99 for a LIFETIME.**

ANY BRAND OF MICROCHIP MAY BE ENROLLED. Each chip registered at this discounted price also earns NNEWWR a free microchip to use on another rescued dog.

AN UNREGISTERED CHIP IS LIKE A BLANK ID TAG... IT DOES ABSOLUTELY NO GOOD

Chip FurKeeps is a collaborative effort between Petfinder and HomeAgain geared at keeping adopted pets in their forever homes. Because microchipping and registration is an important part of keeping pets safe at home with their families, Petfinder offers a low-cost microchipping solution to its members through this partnership.

How it Works

Never buy microchips again!

- Adopters enroll microchips with HomeAgain online or by phone.
- Each enrollment earns you a free microchip.
 - Any brand of microchip may be enrolled to earn free microchips.
 - HomeAgain automatically ships free microchips in boxes of 25.
- Incredible discounts on HomeAgain Universal WorldScan™ scanners and any purchased microchips.

The Chip FurKeeps program is available exclusively to Petfinder-member organizations in the U.S. offering animal shelter services to companion animals.
